

# Upskill Your Existing Workforce

With Coppice Training Solutions at Accrington and Rossendale College

## Do you have...

- Employees with the potential to progress?
- A specific skills gap in your organisation?

Why not consider Coppice Training Solutions at Accrington and Rossendale College who can offer a structured Apprenticeship training programme for your existing employees.

Apprenticeships can be offered to employees of any age. Offering this development will refresh your workforce, enhance your business and its growth.

## The benefits...

- Employers find that training provided through an Apprenticeship programme

can be more cost effective and convenient.

- Your employee can start applying the practical skills they learn straight away, adding immediate value to your organisation.
- Increase efficiency and productivity from your employees
- Develop your employees skills whilst they gain nationally recognised qualifications
- Increase staff retention and morale

Coppice Training Solutions at Accrington & Rossendale College have a proven track record in helping educate, motivate and inspire your staff to learn new skills, develop new ideas and support organisations to increase their productivity, quality and customer experience.
