## NCC Pre-Professional Programmes

*Giving you that competitive edge...*

**Our Pre-Professional Programmes are unique and innovative schemes, which you can take alongside your A Level studies.**

They are career-focused programmes aimed at helping you to make an informed choice about your future, while encouraging breadth and depth of study and research in your chosen career path.

**Studying a Pre-Professional Programme alongside your core Study Programme is designed to give you the edge for university applications, in what are quite often extremely competitive and challenging degree and career pathways.**

As part of our Pre-Professional Programme you will receive a range of opportunities alongside your academic studies to help you build additional skills and experiences to make you stand out from the crowd.

This may include:

- Presentations from industry experts and specialist speakers
- Field trips to specialist centres
- Work experience relevant to your chosen profession
- Visits to Oxford, Cambridge and Russell Group universities
- Individual mentoring and coaching
- Support in your university application
- Specialist interview preparation
- Contributing to the College Newsletter
- Gaining experience on the College TV station
- Taking part in contributing to the College marketing activities
