I love the feeling you get when you know you have done an ace job. Painting and Decorating interests me because I like to be creative and I can apply that creativity in a client's house as it is a blank canvas. I love using my skills and trade knowledge to transform rooms.

Destiny-Mya Robinson

Completing a Painting and Decorating Apprenticeship at Annie Get Yer Brush

Your future, your way.

There has never been a better time to start an Apprenticeship. Apprentices are going to play a vital role in the recovery of the local and national economy.

By doing an Apprenticeship you can gain a real insight and experience within the world of work, demonstrating to employers that you have the skills and knowledge not only do the job, but to go far. They can provide you with that competitive edge within the jobs market.

Here at Nelson and Colne College Group, we offer Apprenticeships in a wide range of sectors and can provide you with that vital support and guidance to find your dream job. Our extensive partnerships with local and national employers means that we are well placed to match you to an opportunity within your chosen sector.

We offer a unique Pre-Apprenticeship Support Service where we work with you to find employment and develop your skills to make you more attractive to potential employers.

Find out more in this Guide about how to get started with your Apprenticeship.

Pre-Apprenticeship Support

We understand that it is vital for young people to be equipped with the skills needed to secure employment and perform well in their roles.

With this in mind we will work with you to develop your skills to make you more attractive to potential employers. We're here to support you.

If you don't find employment, don't worry, we can get you started on one of our Pre-Apprenticeship programmes, where you can work towards a qualification that will help you develop the skills and experience that employers are looking for. Then once an opportunity becomes available, you will be able to transfer to an Apprenticeship.

- ▶ An opportunity to complete certain **key skills** essential for employment
- ▶ **Communication** and **presentation skills**
- ▶ Relevant **work placements**
- ▶ **CV** production and **job search** skills
- ▶ **Interview** techniques
- ▶ Individualised **advice, guidance** and **support**

Your Apprenticeship Journey

Step 1

Your Interview

Once you've applied for an Apprenticeship, you will be invited into the College to have an interview for the sector you've chosen to complete your Apprenticeship in.

Step 2

Assessing your Skills

Following your interview, our Team will work with you to provide 1:1 support in helping you to be 'employment ready'. We will help you identify the skills you may need to develop before being put forward for an Apprenticeship vacancy.

Step 3

Developing Skills

Working with you and your individual needs, we will provide you with opportunities to attend relevant sessions such as CV Workshops, Interview Preparation, Communication Skills, and more.

Step 4

Live Vacancies

Once you are ready, our expert team will help you to secure an Apprenticeship that is aligned to your career aims.

Step 5

Employer Interview

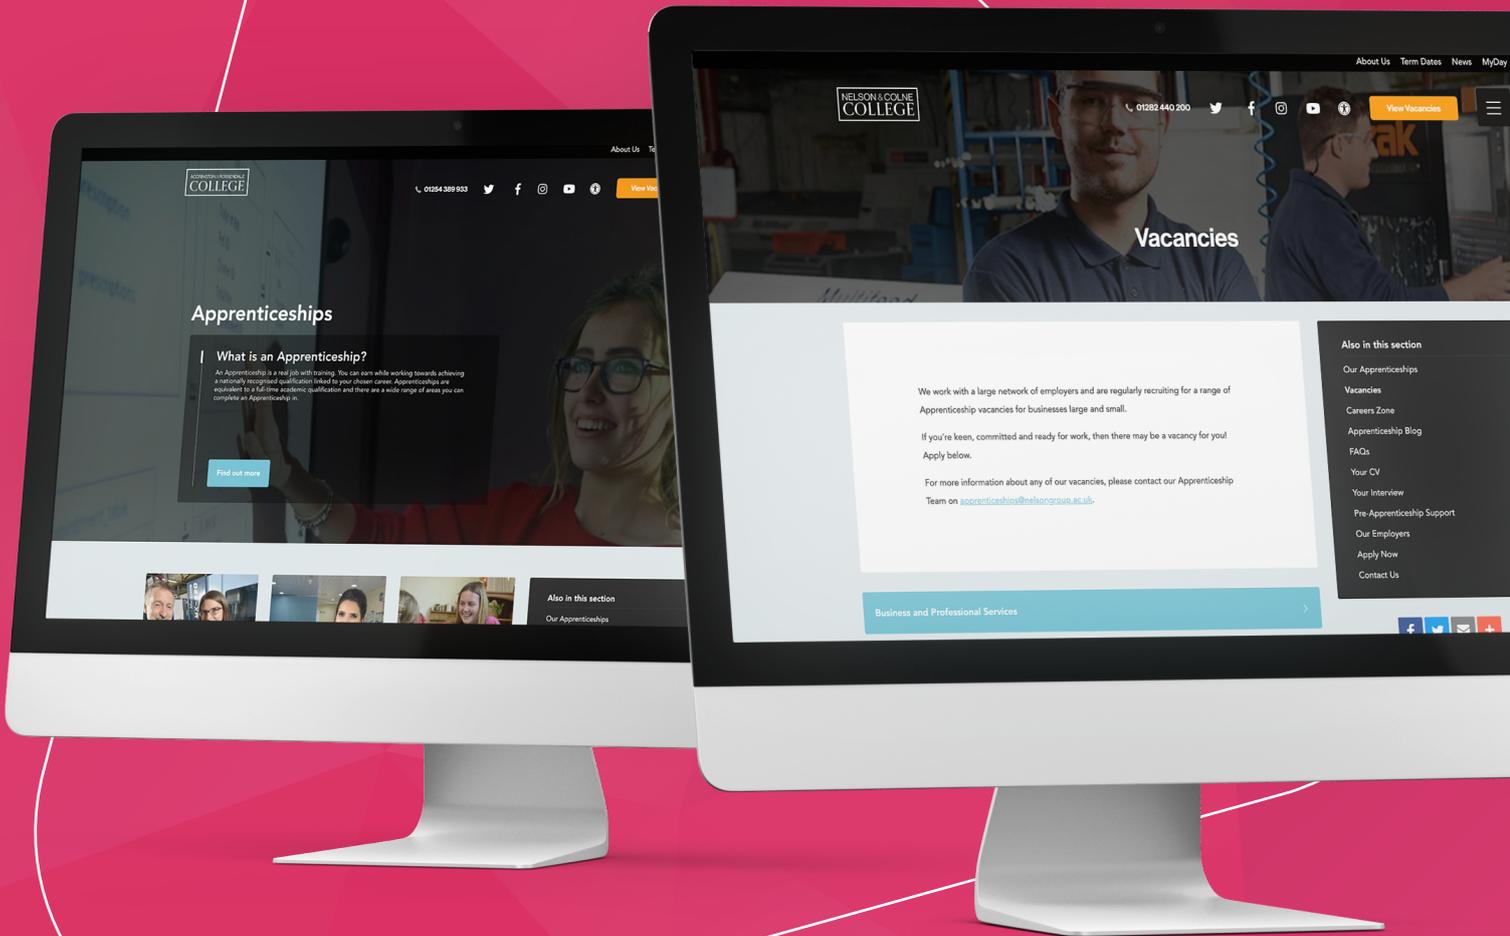

Upon being shortlisted for an Apprenticeship vacancy, the Apprenticeship Team will arrange a specialised interview preparation session, to ensure you are as prepared as possible for your upcoming interview with your prospective employer.

Step 6

Ongoing Support

The team will continue to work with you until you are successfully matched with an employer. Alternatively, we can get you started with a qualification to get you on the right track, where you can transfer to an Apprenticeship later down the line, once an opportunity becomes available.

Apply for an Apprenticeship today

Business and Professional Services

Apprenticeships

Available from **Levels 2 to 5***

Accountancy

An Accountancy Apprenticeship provides you with the training and qualifications you need to work as an Accounting Technician or Accounts Assistant, as a Credit Control Clerk, an Accounts Clerk, or a Finance Assistant.

Typical services that you would learn about include: tax returns, payroll, bookkeeping, managing financial accounting, auditing and much more.

Business Administration

The Business Administration Apprenticeship is about playing an important support role within a business or organisation. Administrators handle the day-to-day tasks in an office and make sure things run smoothly.

The term 'administration' covers roles that involve organising people including Executive Secretaries, Administration Assistants and Data Entry Clerks. Without them, information is hard to find, meetings would be missed and businesses would be less productive.

IT

This Apprenticeship provides the Apprentice with the competence, skills and knowledge to work effectively and efficiently with IT systems, communication and productivity tools, and network applications.

Team Leader / Management

This Apprenticeship teaches you the skills to be an effective leader and can be applied to hundreds of job roles across many different sectors, from small businesses to large corporations.

Effective leadership and management is vital to the success of all businesses. Proven competence in leading teams of people, planning work schedules and making the best use of resources is an essential quality of a good manager.

A Business Advisor can earn up to **£35,000** a year

Business and Professional Services

Careers within the industry

- ▶ Accounts Manager
- ▶ Business Support
- ▶ Data Administrator
- ▶ Operations Management
- ▶ Event Manager
- ▶ Finance Assistant
- ▶ IT Helpdesk Support
- ▶ Marketing Officer
- ▶ Personal Assistant
- ▶ Team Leader
- ▶ And many more!

Skills required

- ✓ Logical thinking
- ✓ Awareness of current business issues and trends
- ✓ Knowledge of local and national business
- ✓ A non-judgemental and positive approach
- ✓ Good IT skills
- ✓ Excellent organisational skills
- ✓ Decision making skills
- ✓ Strong communication skills
- ✓ The ability to manage projects and work on your own initiative

Just some of the employers we work with...

I'm really enjoying my Apprenticeship. I've had great support from my Trainer Assessor and I'm developing a range of skills - personal and professional. I'm much more independent when at work, and in general life, and my leadership and communication skills have improved working in a team. My presentation and planning skills are also better, and I'm much more forward thinking.

Sufyan Khan
Business Administration Apprentice
at IMO Charity

Catering and Hospitality

Apprenticeships

Available from **Levels 2 to 3***

Production Chef

Production chefs work as part of a team in time-bound and often challenging kitchen environments, for example; schools, hospitals, the Armed Forces, care homes and high street casual dining or pub kitchens. They report to the Senior Production chef or appropriate line manager.

Production chefs are likely to work with centrally developed standardised recipes and menus, producing food often in high volumes. They apply highly methodical organisational skills, energy, accuracy, attention to detail and are mindful of the importance of sustainability and protecting the environment.

Commis Chef

The Commis Chef Apprenticeship will give you valuable experience of a variety of routine food preparation and cooking activities. You will be working in a kitchen environment where your duties could include preparing and cooking a variety of dishes and maintaining a clean, safe and hygienic working environment.

Hospitality Supervisor

This Apprenticeship is for those wishing to gain a wide range of skills and knowledge to work in a supervisory role across a variety of Catering and Hospitality areas, reflecting the multi-functional nature of the industry.

Senior Chef - Production Cooking

The Senior Chef – Production Cooking Apprenticeship has been designed to develop effective leaders in high pressure and high volume settings.

As part of this Apprenticeship, Apprentices will learn how to manage, lead and motivate teams effectively. Apprentices will also learn how to problem solve and make decisions in a challenging and fast paced environment.

*Levels vary depending on the Apprenticeship framework/standard

“

Throughout my Apprenticeship I have been able to develop new skills working alongside the Head Chef. I have learned so much about ingredients and new foods that I didn't know before. I would eventually like to have my own restaurant and be recognised as a Head Chef, my Apprenticeship will help me to achieve this goal.

Robbie Palmeri
Professional Cookery Apprentice at
Spread Eagle Inn

”

Construction Trades and Building Services

Apprenticeships

Delivered at our Accrington campus

Available from Levels 2 to 4*

Carpentry and Joinery

This Apprenticeship involves carrying out skilled work primarily using timber products, either on a construction site or in a workshop, creating and installing building components. This Apprenticeship has two pathways:

Pathway 1: A Site Carpenter will normally work on a building site, or in domestic and commercial premises, preparing and fixing building components, from the initial erection of a new building, through to the installation of all necessary fixtures and fittings, as well as a range of repair and maintenance activities.

Pathway 2: An Architectural Joiner will normally be employed in a workshop producing timber based building components and other architectural products, such as doors, windows, units and staircases, which are then transported to construction sites to be installed by site carpenters.

Painting and Decorating

Painters and Decorators operate in domestic and commercial properties and undertake the decoration and protection of buildings. Properties include houses, schools, offices, hospitals, factories and construction sites. Working internally or externally, they work individually and/or as part of a team applying water-borne and/or solvent-borne paint coatings and wallcoverings.

As an Apprentice, you will develop your knowledge of paint coatings and wallcoverings and understand and comply with statutory, safety and environmental requirements. Apprentices will also be responsible for their own work achieving a high quality finish at the appropriate pace. Apprentices will also be good problem solvers and communicators and are able to interact effectively with colleagues, clients and associated trades.

Brickwork

This Apprenticeship is designed for those who would like a career within Brickwork. Bricklayers lay bricks, blocks and other types of building components in mortar to construct and repair walls, foundations, partitions, arches and other structures e.g. chimney stacks. They might also refurbish brickwork and masonry on restoration projects. The range of sites and projects that bricklayers will work on include large commercial developments, new builds in housing, alterations, extensions and restorations. A bricklayer may work independently or as part of a broader team.

Construction Site Supervisor

This Apprenticeship will include the knowledge, skills and behaviours typically required to achieve Technician status or the equivalent with the industry's recognised professional bodies. Typical job titles can include: Assistant Site Manager, Assistant Supervisor or Construction Site Supervisor. In the case of SME construction companies the roles are likely to include Site Manager or Site Supervisor. They are associated with the supervision of specialist contractors and workers on construction projects and are based on construction sites with occasional time in offices.

Plastering

This Apprenticeship is for those Apprentices who are looking to develop their skills, knowledge and competence as a Plasterer. Plasterers mix and apply plaster to walls and ceilings of buildings to provide a smooth or decorative finish. A plasterer will also produce ornamental plasterwork such as ceiling roses, cornices and columns.

Education and Childcare

Apprenticeships

Available from **Levels 2 to 5***

Early Years Practitioner

The Early Years Practitioner Apprenticeship is suitable for those looking to join the Children and Young People's Workforce or for those already working in the sector looking to gain a formal qualification.

This Apprenticeship will help Apprentices to develop their knowledge and skills relating to the Early Years sector.

Early Years Educator

The Early Years Educator Apprenticeship is designed to prepare Apprentices to become Early Years Educators, enabling Apprentices to work with children from birth to 5 years and gain knowledge of children aged 5 to 7 years.

Apprentices will develop and practice the skills required for employment and/or career progression in the Early Years sector.

Teaching Assistant

Teaching Assistants work in Primary, Special and Secondary education across all age ranges encompassing special educational needs and emotional vulnerabilities. The primary role of the Teaching Assistant is to support the class teacher to enhance pupils' learning either in groups or individually, ensuring pupils understand the work set, know their learning objectives and stay on task in order to make progress. This Apprenticeship has two pathways as follows:

- **Supporting Teaching and Learning in Physical Education and Schools**
- **Supporting Teaching and Learning in Schools**

This Apprenticeship will equip Apprentices to deliver, plan, organise and assess the learning of children in a range of environments, including the community and schools.

Thanks to my Apprenticeship I have gained so much personal confidence and feel that I have found my vocation working in Special Needs Education. My communication skills have also improved, and my goal is to continue learning and eventually become a teacher.

Harriet Still

Teaching Assistant Apprentice at Sir Tom Finney Community High School

Engineering and Manufacturing

Apprenticeships

Delivered at our Nelson campus

Available from Levels 2 to 5*

Electrical/Electronic Engineering

This Apprenticeship will develop the skills, knowledge and competence Apprentices will need to carry out the duties of an Electrical/Electronic Technician in the workplace. Learning the principles and practices needed to work in this area will require Apprentices to take part in formal lessons and tutorials, through a range of practical work and assessments.

This Apprenticeship would be suitable for anyone who is looking to work as an Electrical and Electronic Engineer, Engineering Maintenance Technician, Engineering Operative or Marine Engineer.

Manufacturing Engineer

The Manufacturing Engineering Apprenticeship focuses on teaching the advanced manufacturing techniques and project management skills required to launch products on time, on budget and to the right quality.

During this Apprenticeship, Apprentices will develop a solid grasp of the core engineering skills required for the role.

Mechanical Engineering

The Mechanical Engineering Apprenticeship offers a combination of qualifications that will equip Apprentices with the skills and knowledge needed to work as an Engineer in a variety of industry sectors.

Apprentices will be working in a manufacturing environment where their duties could encompass many areas of Engineering such as milling, grinding, marking out, working from designs and selecting and using secondary machining techniques to remove material.

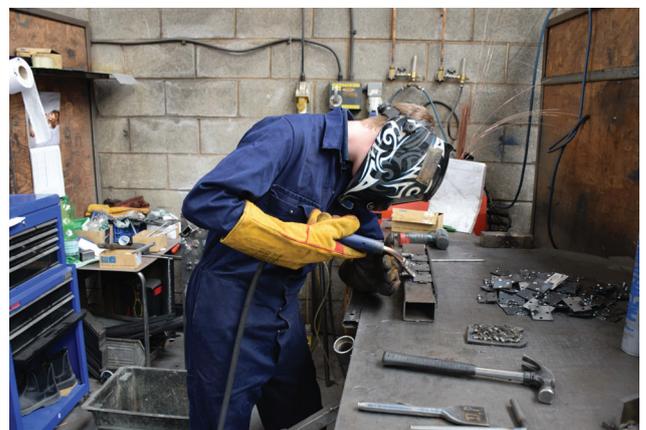

Maintenance and Mechatronics Engineering

This Apprenticeship is for those Apprentices who are looking to start a career within a maintenance role. Maintenance engineering plays a vital role in the efficiency and development of manufacturing and processing industries. With advances in technology constantly emerging, the demand for engineering skills is at a high.

Fabrication and Welding

This Apprenticeship is based in the advanced manufacturing engineering and engineering construction sectors.

Work includes manufacturing bridges, oil rigs, ships, petro-chemical installations, cranes, platforms, aircraft, automotive and machinery parts, sheet metal enclosures, equipment supports, and anything that can be fabricated out of metal. Fabricators can work alone or in teams, in factories or on operational sites.

Ben Parker
IT User Skills Apprentice at Nelson and Colne College

”

Apprenticeship FAQs

What is an Apprenticeship?

An Apprenticeship is a real job with training. You can earn a wage while working towards achieving a nationally recognised qualification linked to your chosen career.

Apprenticeships are equivalent to a full-time academic qualification and there are a wide range of areas you can complete an Apprenticeship in.

What are the benefits of an Apprenticeship?

- ▶ Earning a salary
- ▶ Training in the skills employers want
- ▶ Excellent progression opportunities
- ▶ Increased future earning potential
- ▶ Better long term salary prospects
- ▶ Learning at a pace suited to you with the support of a dedicated Trainer Assessor
- ▶ Paid holidays

Are there any Apprenticeship jobs at the moment?

Yes, the good news is that we are still seeing some vacancies for Apprenticeships being advertised across England, however there are less than we would normally be enjoying at this point in the year. If you can't find a vacancy, don't worry, we can get you started on a qualification to help you develop the skills and experience that employers are looking for. Then once an opportunity becomes available, you will be able to transfer to an Apprenticeship.

What does an Apprenticeship involve?

Training combines off-the-job study with learning and development in the workplace. Some Apprenticeships take place fully in the workplace.

How many hours a week do I work?

This depends on the industry and the employer, please ask upon applying for your chosen Apprenticeship.

How long will my Apprenticeship last?

Apprenticeships typically last for one to four years depending on the area of study. The majority of Apprenticeships last for two years.

Can an Apprenticeship lead to university?

Yes! A growing number of Apprentices also go onto Higher Apprenticeships to gain degree level qualifications, but without the expense of going to university.

What grades do I need to do an Apprenticeship?

Level 2 Apprenticeship – 4 GCSEs at grade 3 (D) or above (one in English or Maths) or equivalent.

Level 3 Apprenticeship - 5 GCSEs at grade 4 (C) or above (one in English or Maths) or successful completion of an Intermediate Apprenticeship, or equivalent.

These requirements are subject to change and may also differ to meet the needs of the employer. As well as a College interview, progression onto an Apprenticeship is subject to an employer interview. Don't worry if you didn't get the required grades, we can work with you to find a suitable route on to your Apprenticeship.

How much do I get paid?

All Apprentices receive at least the National Apprenticeship Minimum Wage of £4.30* per hour in their first year, however some employers do choose to pay more.

What do employers expect from an Apprentice?

All Apprentices are expected to conduct themselves professionally within the workplace and must be conscientious in their work, attendance and timekeeping. Our unique Pre-Apprenticeship Support Service will help guide you in developing the skills and qualities desired by employers, however a desire to work and further your skills is essential.

Our Employers

We have an excellent reputation with businesses across East Lancashire and beyond, who look to us to find their next employee.

No matter what industry you are hoping to work in, there are a core set of skills all employers are looking for.

- ▶ Communication
- ▶ Teamwork
- ▶ Initiative and Enterprise
- ▶ Planning and Organisation
- ▶ Problem Solving
- ▶ Enthusiasm

Once you apply, we will work with you to ensure you secure an Apprenticeship.

We will run a series of workshops to ensure that you are employer ready. These might include:

CV Workshops

Perfect your CV and tailor it to your chosen industry or Apprenticeship

Just some of the **employers** we work with...

Facts about Apprenticeships

1

Nearly all Apprentices feel that they **acquire** or **improve their skills** as a direct result of their Apprenticeship

2

Over 90% of Apprentices currently **stay in employment** or continue with training after their Apprenticeship

3

89% of Apprentices stay with the **same employer**

4

92% of Apprentices in work felt that their Apprenticeship had a **positive impact** on their career

5

Higher Apprentices could **earn £150,000 more on average** over their lifetime compared to those with Level 3 vocational qualifications

6

There has never been a better time to employ an Apprentice or start an Apprenticeship!

The **Do**s and **Don't**s of an Apprenticeship Application

DO

Tailor your CV to the role you're applying for

Support your statements with examples

Get someone to **proof read your application** before pressing the submit button!

Dress smartly if you're offered an interview

Prepare and practise. Think of good examples you can use when asked a question about your personal qualities, experience and knowledge

DON'T

Overcomplicate things, use clear and precise language

Make things up as employers will ask about you and your experience

Write too much in your application - keep it clear and concise

Make simple mistakes. Always get someone to check your spelling

Be late for interviews or miss deadlines. It doesn't give a good first impression to the employer and won't stand you in good stead when it comes to the final cut!

The Perfect CV and Cover Letter

How to write a cover letter

Your cover letter is an opportunity to expand some of the key areas you have briefly mentioned in your CV.

An effective cover letter should:

Illustrate your **key skills** using examples

Relate your skills to the job

Explain why you have applied for the role

A **clear and concise** cover letter should be able to achieve these three main points in a maximum of **300 words**.

Did you know...?

There are lots of templates available on **Canva**, if you would like a designed CV.

Name
Address
Mobile
Email

Introduction

This is where you introduce yourself and mention why you are applying for the vacancy. Keep it short, and state your key skills, particularly those that are relevant to the role you are applying for.

Work Experience

Start with your most recent work experience. List what your job title was, how long you were in post, what the role involved and anything you specifically achieved. If this is the first vacancy you are applying for, you can list school work placements and volunteering.

Customer Service Assistant – Company Name

Date from – Date to

Text – include the role and responsibilities you had/have within this section.

Education

List your GCSE results and any additional qualifications that you have received. If you only have predicted grades, use those but make it clear they are only predicted and when you expect to receive your final results.

A Levels – Nelson and Colne College

Biology A, Maths B, Chemistry B

Hobbies

Include anything you enjoy doing in your spare time within this section. It will give the employer a flavour of your personality and character.

Example of what a CV should look like

Apprenticeship Interview Preparation

An interview is usually the final stage of the application process and is your final chance to impress your potential employer. Here are a few tips that you might find useful...

Before Your Interview

Understand the format of the interview and what it entails. Sometimes employers ask candidates to complete a task, so getting as much information beforehand will help you to prepare.

Research the company thoroughly, make sure you understand what the company is about and their mission and values. Think about how you might answer standard interview questions such as:

- ▶ Why are you interested in the Apprenticeship?
- ▶ What are your strengths and weaknesses?
- ▶ Where do you see yourself in a year?
- ▶ What experience do you have that you could apply to this role?
- ▶ What qualities do you think are important to successfully fulfilling this role?

Look back at the job description. This will help you to think of the kind of questions that the employer may ask and it will also remind you of what they are looking for.

Apprenticeship Interview Preparation

On the Day of Your Interview

Make sure you're on time to your interview. Set the right first impression by making sure you're ready to start the interview on time so plan for any delays.

Dress smartly – formal attire should always be worn to an interview, unless otherwise stated – so make sure you look the part.

Be truthful and don't rush your answers. Remember you're prepared and you have examples ready to answer their questions.

Ask questions. An interview is an opportunity for you to find out more about the role and the company you could potentially be working for.

Stay positive and enthusiastic throughout the interview - **smile!**

Don't forget, if you don't secure an Apprenticeship straight away you can always enrol onto a full-time course. Speak to a member of the Apprenticeship Team to discuss your options.

Call **01282 440 319** or email **apprenticeships@nelsongroup.ac.uk**
