THESE COURSES ARE A GREAT WAY
TO MEET NEW PEOPLE, LEARN A
NEW SKILL AND HAVE FUN!

The short introductory courses listed overleaf will give you all the skills you need for home DiY projects, to help you upskill in your workplace and provide basic knowledge so that you can move on to a higher level course.

Courses start in January 2019 and run one evening (5:30pm - 9pm) a week for either nine or twelve weeks (Tuesday, Wednesday or Friday depending on which course is chosen).

The training will be based at our Broad Oak Campus in state-of-the-art workshops, using high end building materials. All tools and equipment are provided.

Demand for the course is extremely high and places are allocated on a first-come, first-served basis. Book your place today to avoid disappointment.

** Please note funding options are available for qualifying benefits.*
