A very warm welcome to our University Centre.

Whether you are aiming to boost your career prospects, are looking for a change of direction, or are hoping to gain a Higher Level qualification locally and flexibly, we can support you in achieving your aspirations.

Nelson and Colne College and Accrington and Rossendale College merged in November 2018, and our Higher Education offer for 2019-20 has expanded with provision delivered from two campuses; Nelson and Accrington.

The merger created a combined force for greater opportunities. Linking together Accrington and Rossendale’s stature and experience for providing high quality Higher Education courses with Nelson and Colne’s long history of outstanding achievement and expert teaching, means improved prospects for adults in East Lancashire and beyond.

In this course guide you will find out about our extensive range of programmes, the broad number of progression routes available, the strong partnerships we share with leading universities and employers, and key information on the financial support available to you that makes studying a Higher Level qualification possible.

If you require any further information about our constantly evolving University Centre provision, then please do not hesitate to contact our Higher Education Admissions Team:

01254 354 047
he@accross.ac.uk
www.accross.ac.uk / www.nelson.ac.uk

Amanda Melton
Principal
Why our University Centre?

There are many reasons to choose our University Centre, including:

**History of Outstanding Quality**
Our University Centre builds on our college’s already existing reputation for exceptional teaching, learning and career support.
Our University Centre has exceptionally high student satisfaction rates, as received in the National Student Survey in 2018.

All nine sections scored above national the behavioural measurement score with six of those in the top quartile.
We are also proud to confirm that the Quality Assurance Agency for Higher Education (QAA) recognised the quality and standards of our provision following its latest review.

**Flexible Learning Options**
Full and part-time delivery options are available for our Higher Level qualifications, with evening courses running subject to demand.
This means students are often able to maintain work and personal commitments, while completing their qualification. Remote learning may also be an option.

**Employer Links**
We are committed to making strong links with the local community and employers from a range of sectors. Through employer engagement, our qualifications remain career-focused and students are kept up-to-date with the most relevant and current industry knowledge and skills.
The majority of our Foundation Degrees include practice trainers who visit the workplace continuously throughout their programme of study.

**Celebrating Success**
Just like at university, upon completing your qualification, our students, their families, along with local employers, will be invited to a prestigious graduation ceremony to celebrate their achievements.

**Career Progression**
All our Higher Level qualifications are professional, industry-recognised qualifications, designed to help students with their career development.
We deliver highly relevant programmes that ensure our graduates progress to jobs which reflect their aspirations.

**Facilities and Partnerships**
At our University Centre, our students have access to specialist facilities to help them master industry skills and get career ready. See pages 6 and 7 for just some of the facilities and unique partnerships you can benefit from during your time studying with us.

Where are they now?

Every year, we are delighted to see our students progress onto their next steps, be it a Higher Level qualification or employment in their chosen sector.

**Victoria Peel**
**Studied:** HNC/HND at Nelson and Colne College

**Where now:** Employed as an Electrical Maintenance and Instrument Technician at Johnson Matthey in Clitheroe while continuing her studies at Nelson and Colne College on the BEng (Hons) Electrical and Electronic Engineering (Top-Up)

“I really enjoyed the HNC and HND qualifications at Nelson and Colne College, and the course content was very good. The tutors are professional and informative and if you ever have any issues or questions they are answered straight away.

“I’m looking forward to the challenge of the BEng course as it’s a step up from anything I have done before and I’m hoping that it will open doors for me in the future.”

**Georgina Woodhead**
**Studied:** BSc (Hons) Sports Science and Coaching Studies at Accrington and Rossendale College

**Where now:** Primary Sports Specialist at Edstart, Rochdale

“I have always loved sports science and working with children. I was a Teaching Assistant in a high school for a while and saw how many children did not enjoy PE at secondary school level – I wanted to instil a positive PE experience in children at a young age, which is why I decided to pursue this career.”

“You have to have a passion and good knowledge of how to transfer skills between sports to effectively teach PE and this is something I have learnt from the college when studying for my degree. The end goal is to become a fully-qualified teacher and continue with extra-curricular activities for primary school children.”
Investing in your future

As a student at either of our campuses you will benefit from a wide range of outstanding industry facilities and exciting partnerships with companies from across East Lancashire and beyond.

- Fully equipped classroom resources and industry facilities
- Industry equipped Science labs
- Small class sizes and high quality teaching
- Varied teaching/assessment methods with extra study support when needed
- Specialist healthcare facilities and partnership with the NHS Trust
- Unique partnerships and dedicated sports facilities

Working in partnership

Nelson and Colne College and Accrington and Rossendale College are delighted to work in partnership with a wide range of universities and education providers. These partnerships give us the ability to deliver relevant and career-focused courses and evolve our offer to meet the needs of students, employers and the economy.

- University of Bolton
- bucks new university
- University of Cumbria
- University of Huddersfield
- Liverpool John Moores University
- Pearson
Location

Nelson and Colne College and Accrington and Rossendale College joined forces in November 2018, strengthening its University Centre provision and opening up more opportunities for those looking to fast-track their careers in East Lancashire and beyond.

We now operate across two campuses - 20 minutes apart on the M65 corridor - both are easily accessible by both rail and road.

If you have any further queries please contact our Higher Education Admissions Team on 01254 354 047 or email he@accross.ac.uk

How do I apply?

How you apply depends on the route of study you intend to take. Whether you are considering full-time or part-time study, applying is easy. Simply follow the steps below...

FULL-TIME

Applicants for full-time undergraduate courses should apply through UCAS. The online application form and guidance notes are available on the UCAS website at www.ucas.com or phone 0371 468 0468.

PART-TIME

To apply for a part-time course and teacher training please complete our University Centre application form which is available at www.accross.ac.uk or www.nelson.ac.uk

Please return your completed application form to the Higher Education Admissions Team who are based at Accrington and Rossendale College, Broad Oak Campus, Broad Oak Road, Accrington, BB5 2AW

For more information on how to apply, please contact our Higher Education Admissions Team on 01254 354 047 or he@accross.ac.uk

To apply for a Higher Level Apprenticeship, please contact our Apprenticeship Team on 01282 440 319 or apprenticeships@nelson.ac.uk
There are a number of options available to support students through their University Centre studies. Please see below for more information.

**Higher Education Financial Support - Tuition Fees**
Our university fees are lower than universities and with the additional savings of living at home, that’s even more reason to study at one of our campuses.

If you are planning to study a HE qualification and are not self-funding the course, you are eligible to apply for tuition fee funding via Student Finance England. The Tuition Fee Loan doesn’t have to be paid back until your income is over the current UK repayment threshold of £25,000 a year.

Tuition fee loans are applicable for both full-time and part-time study.

**Maintenance Loan**
If you are studying full-time, you may be eligible for a Maintenance Loan to help with living costs. This is dependent upon your household income.

**Childcare Grant (CCG)**
If you are studying full-time, you might also be able to apply for a CCG, which helps with childcare costs. This is dependent upon your household income.

If you require support to complete your Student Loan application, please contact The Higher Education Admissions Team on 01254 354 047 or email he@accross.ac.uk

**Access to Higher Education Financial Support**
Access to Higher Education Diploma courses may be FREE with an Advanced Learner Loan! Loans may be reclaimed upon completion of a HE qualification. Financial support may also be available for students to support with course related fees. Please note that for the Access to University Diploma this is only reimbursed upon completion of your chosen HE programme. The fully funded programme route is for those aged 19-24 that are aiming to complete their first full level 3 qualification.

**Advanced Learner Loan**
If you are looking to study a course at Level 3 or above and are not eligible for this to be funded, an Advanced Learner Loan may be an option to pay your course fees.

Loan repayments are linked to what you earn when you have finished your course, not how much you borrowed. You only need to start paying back your Advanced Learner Loan when you are earning more than £25,000 per year. For more information on the Advanced Learner Loan visit [www.gov.uk/advanced-learner-loan/overview](http://www.gov.uk/advanced-learner-loan/overview)

If you wish to apply for an Advanced Learner Loan, loan applications can be made when you enrol. You will need a valid UK passport or birth certificate (the application takes longer to process if you do not have a passport). You will also need information from College to complete the loan application – this will be provided at your assessment.

**Higher Level Apprenticeships**
If you are an employer and would like more information about how you can finance a Degree or Higher Level Apprenticeship programme, please contact The Higher Education Admissions Team on 01254 354 047 or email he@accross.ac.uk

---

**What could I do next?**

Our University Centre programmes are designed to be valuable employment-related qualifications in their own right and also to be part of a progression towards a full Honours Degree.

- **Pre-Access Programme** (Level 2 to include GCSE Maths/English)
- **Access to HE Programme** (Level 3)
  - HNC or Higher Apprenticeship (Level 4)
  - HND or Higher Apprenticeship (Level 5)
  - Top Up Honours Degree (Level 6)
- **Honours Degree**
  - Year 1 (Level 4)
  - Year 2 (Level 5)
  - Year 3 (Level 6)
- **Foundation Degree**
  - (Level 4)
  - (Level 5)
  - (Level 6)

**Professional Graduate Certificate in Education** (Level 6)
Certificate in Education available at Level 5 for those without a degree qualification
Access to Higher Education

The Access to Higher Education Diploma is a QAA accredited course that provides students with an essential qualification, subject specific knowledge, and skills to progress to studies at university level.

Entry requirements
Applicants should already have achieved Grade 4/C in both GCSE English and Maths. Level 2 Functional Skills qualifications in English and Maths may be considered on an individual basis, however these should also have been achieved prior to an application for the course.
Some university courses may require a GCSE in Science.

Who is the programme aimed at?
This programme is aimed at 19+ students who don’t have the traditional qualifications to enter higher education but would like to progress onto university or other higher education programmes.

What will I learn?
What you will learn will depend upon your choice of Access to University course.
Our range of popular pathways include:
• Business
• Computing
• Health and Science
• Health and Social Care
• Science
• Social Sciences

Our Access to Higher Education diplomas meet the stringent requirements of the Quality Assurance Agency for Higher Education and progression of our students onto a wide range of degree courses is excellent.

What is the programme assessed?
Depending on the pathway, assessments may include: essays, independent research projects, presentations, exams, in-class assessments and practical assessments throughout the year.

What would successful completion of this programme lead to?
The Access to University Diploma can lead on to university degrees and other Higher Education courses, such as: Degrees, Foundation Degrees, HNC/Ds, Higher Level Apprenticeships.

What can I do next?
Successful completion of the 60-credit diploma programme will provide you with the opportunity to progress onto studying a wide range of subjects at University Level, including most healthcare related degrees:
• Nursing (adult, children, learning disabilities, mental health), Midwifery, Paramedic and many other health related degree courses
• Health and Applied Social Studies, Working with Children and Families, Mental Health Work
• Criminology, Sociology, Psychology, Law, Paralegal, Politics, History, Social Work, Policing
• Teaching and other Education Studies
• Applied Science, Biology, Biomedical Science, Forensic Science, Engineering.

Learn more, earn more, progress more
HNC in Applied Biology

Qualifications: HNC Applied Biology 1 year full-time, 2 years part-time
Delivered at Nelson and Colne College UCAS Code: AB19

Delivery options
HNC: Full-time: Two days per week over one academic year. Part-time: One day per week over two years.

Entry requirements
Students need one of the following to meet the entry requirements for this programme:
96 UCAS points (from September 2017)
At least 160 UCAS tariff points (60 points from AS alone; at least 100 points should be obtained from A2s, A/AS, GNVQ Advanced or Scottish Highers)
At least 12 A Level points if taken before 2002
Advanced or Progression Diplomas (from 2010) where they demonstrate relevance to the HE programme
BTEC National Diploma at Merit or Distinction
Access to Higher Education Diploma - 60 credits, of which at least 45 must be achieved at Level 3 (from 2010, with Merit or Distinction) and with an appropriate combination of modules
Open College Level 3 qualifications (obtained in or before 2008) at 60% or above - with consideration of marks above 50%
NVQ Level 3 in relevant vocational areas
GCSE Maths and English Grade C or equivalent
Relevant work experience / professional qualifications.

Who is the programme aimed at?
Students who have completed a Level 3 course in Science or a related subject, who are looking to study a Higher Education programme locally to progress their career within this sector.

What will I learn?
Units in the programme may include:
• Cell Biology
• Biochemistry of Macromolecules and Metabolic Pathways
• Physiology of Cellular Systems in Animals
• Laboratory Techniques for Applied Biology
• Analysis of Scientific Data and Information
• Neurophysiology and Homeostatic Control of the Human Body
• Molecular Biology and Genetics
• Chemistry for Applied Biologists

How is the programme assessed?
A combination of written assignments and laboratory based practical work is assessed by your tutor and will determine your final grade.

What would successful completion of this programme lead to?
This course offers students the opportunity to continue their study of Biological Sciences at Degree Level as a two-year top-up. Alumni students have progressed onto the second year of degrees in Biomedical Science, Microbiology and Forensic Science at specific universities. Other students have progressed into employment or apprenticeships using the practical nature of the course to develop their laboratory skills.

Awards
At HND level there are six possible specialist award titles: HND Computing (Network Engineering), HND Computing (Software Engineering), HND Computing (Data Analytics), HND Computing (Security), HND Computing (Intelligent Systems) and HND Computing (Applications Development). The title of the HND award made will depend on the modules completed.

Delivery options
Full-time: Two days per week over one academic year.
Part-time: One day per week over two academic years.
Evening delivery may be available subject to demand. Please enquire.

Entry requirements
Students need one of the following to meet the entry requirements for this programme:
96 UCAS points (from September 2017)
At least 160 UCAS tariff points (60 points from AS alone; at least 100 points should be obtained from A2s, A/AS, GNVQ Advanced or Scottish Highers)
At least 12 A Level points if taken before 2002
Advanced or Progression Diplomas (from 2010) where they demonstrate relevance to the HE programme
BTEC National Diploma at Merit or Distinction
Access to Higher Education Diploma - 60 credits, of which at least 45 must be achieved at Level 3 (from 2010, with Merit or Distinction) and with an appropriate combination of modules
Open College Level 3 qualifications (obtained in or before 2008) at 60% or above - with consideration of marks above 50%
NVQ Level 3 in relevant vocational areas
GCSE Maths and English Grade C or equivalent
Relevant work experience / professional qualifications.

Who is the programme aimed at?
Students who have completed a Level 3 course in IT or a related subject, who are looking to study a Higher Education programme locally to progress their career within this sector.

What will I learn?
Units in the programme may include:
HNC
• Programming
• Networking
• Professional Practice
• Database Design and Development
• Security
HND
• Computing Research Project
• Business Intelligence

How is the programme assessed?
A series of written and practical work is assessed by your tutors and will determine your overall grade.

What would successful completion of this programme lead to?
HNC: On completion of the HNC you may choose to go into employment, into an Apprenticeship or continue your education by topping up to a HND or degree.
HND: Completion of the programme at HND provides students with a clear line of sight to employment or progression to a Degree at Level 6.
BSc (Hons) in Sports Science and Coaching Studies

Quality: BA (Hons) in Sports Science and Coaching Studies | 3 years full-time
Delivered at Accrington and Rossendale College | UCAS Code: CC61

Delivery options
The programme is delivered on a full-time basis over three years. Students will attend one day/evening per week for the full-time route.

Entry requirements
Students need one of the following to meet the entry requirements for this programme:
96 UCAS points (from September 2017)
At least 160 UCAS tariff points (60 points from AS alone; at least 100 points should be obtained from A2s, AVCE, GNVQ Advanced or Scottish Highers)
At least 12 A Level points if taken before 2002
Advanced or Progression Diplomas (from 2010) where they demonstrate relevance to the HE programme
BTEC National Diploma at Merit or Distinction
Access to Higher Education Diploma - 60 credits, of which at least 45 must be achieved at Level 3 (from 2010, with Merit or Distinction) and with an appropriate combination of modules
Open College Level 3 qualifications (obtained in or before 2008) at 60% or above - with consideration of marks above 50%
NVQ Level 3 in relevant vocational areas
GCSE Maths and English Grade C or equivalent
Relevant work experience / professional qualifications.

Who is the programme aimed at?
The programme has been designed for those looking to pursue a career within the Sports Science and Coaching sector. The programme will develop students as a reflective practitioner, using best practices in the Sports Science and Coaching industry.

The course provides students with the opportunity to participate in industry placements through our extensive range of sport partnerships. Students will also have the opportunity to train with our football academies, gain access to quality coaching and facilities, and benefit from strength and conditioning, nutrition and sport psychology support.

What will I learn?
Modules in the programme will normally include:

YEAR 1
• Introduction to Coaching and Sport Development
• Foundations of Sport Psychology
• Anatomy and Exercise Physiology
• Analysing and Improving Performance

YEAR 2
• Coaching Skills and Education
• Cognition and Emotions in Sport and Exercise Psychology
• Research in Sport and Exercise
• Sports Physiology
• Sports Nutrition
• Principles of Strength and Conditioning

YEAR 3
• Professional Development and Practice
• Applied Strength and Conditioning
• Applied Sport Psychology
• Research Project

How is the programme assessed?
A range of assessments are used within the programme, including portfolios, case studies, reflections and presentations. There are two examinations, which make up 28% of the assessment.

What would successful completion of this programme lead to?
Having successfully completed this programme graduates could look forward to employment in various jobs within the fitness industry such as coaching, sports development and personal training, among others.

Contact our Higher Education Admissions Team on 01254 354 047 or he@accross.ac.uk
**HNC/D in Construction - Built Environment**

Qualification: HNC/Ds in Construction  |  1 year full-time, 2 years part-time  
Delivered at Accrington and Rossendale College  |  UCAS Code: K220 / K221

**Entry requirements**
Students need one of the following to meet the entry requirements for this programme:

- 96 UCAS points (from September 2017)
- At least 160 UCAS tariff points (60 points from AS alone; at least 100 points should be obtained from A2s, AVCE, GNVQ Advanced or Scottish Highers)
- At least A Level points if taken before 2002
- Advanced or Progression Diplomas (from 2010) where they demonstrate relevance to the HE programme

BTEC National Diploma at Merit or Distinction
Access to Higher Education Diploma - 60 credits, of which at least 45 must be achieved at Level 3 from 2010, with Merit or Distinction and with an appropriate combination of modules

Open College Level 3 qualifications (obtained in or before 2008) at 60% or above - with consideration of marks above 50%

NVQ Level 3 in relevant vocational areas
GCSE Maths and English Grade C or equivalent
Relevant work experience / professional qualifications

**Who is the programme aimed at?**
This is a qualification for established construction personnel who wish to upgrade their skills and knowledge, possibly with a view to preparation for promotion, additional responsibilities in work or a change of career focus.

**What will I learn?**
Units in the programme may include:

- HNC
  - Mandatory Units:
    - Individual Project (Pearson Set)
    - Construction Technology
    - Science and Materials
    - Construction Practice and Management
    - Legal and Statutory Responsibilities in Construction
    - Construction Information (Drawing, Detailing, Specification)
  - Optional Units:
    - Principles of Refurbishment
    - Site Supervision and Operations
- HND
  - Group Project (Pearson set) (Double unit)
  - Contracts and Management
  - Project Management
  - Management for Complex Buildings
  - Alternative Methods of Construction
  - Personal Professional Development
  - Transport Systems in Buildings

**How is the programme assessed?**
A series of written and practical work is assessed by your tutors and will determine your overall grade.

**What would successful completion of this programme lead to?**
This course can offer opportunities for students to continue their study of Construction at Degree Level. It will also help you begin a career in this sector or assist with professional development.

**Delivery options**
HNC: Full-time: Two days per week over one academic year. Part-time: One day per week over two years.
Students who complete the HNC in Construction can top-up to HND full-time, two days per week over one academic year or part-time, one day per week over two years.

**Contact**
Contact our Higher Education Admissions Team on 01254 354 047  |  he@accross.ac.uk

---

**HNC/D in Engineering**

Qualifications: HNC Engineering  |  1 year full-time, 2 years part-time  
Delivered at Nelson and Colne College  |  UCAS Code: HNG1

**Entry requirements**

- Students need one of the following to meet the entry requirements for this programme:
  - 96 UCAS points (from September 2017)
  - At least 160 UCAS tariff points (60 points from AS alone; at least 100 points should be obtained from A2s, AVCE, GNVQ Advanced or Scottish Highers)
  - At least A Level points if taken before 2002
  - Advanced or Progression Diplomas (from 2010) where they demonstrate relevance to the HE programme

BTEC National Diploma at Merit or Distinction
Access to Higher Education Diploma - 60 credits, of which at least 45 must be achieved at Level 3 from 2010, with Merit or Distinction and with an appropriate combination of modules

Open College Level 3 qualifications (obtained in or before 2008) at 60% or above - with consideration of marks above 50%

NVQ Level 3 in relevant vocational areas
GCSE Maths and English Grade C or equivalent
Relevant work experience / professional qualifications

**Who is the programme aimed at?**
This programme is aimed at those who wish to gain a Higher Level qualification to further their career within the Engineering sector.

**What will I learn?**
Units in the programme may include:

- HNC
  - Engineering Design
  - Engineering Maths
  - Engineering Science
  - Managing a Professional Engineering Project
  - Plus six other modules selected for your chosen specialism.

- HND
  - Research Project
  - Professional Engineering Management
  - Plus six other modules selected for your chosen specialism.

**How is the programme assessed?**
A series of written and practical work is assessed by your tutors and will determine your overall grade.

**What would successful completion of this programme lead to?**
This course can offer opportunities for students to continue their study of Engineering at Degree Level as a one year top-up qualification. It will also help you begin a career in this sector or assist with professional development.

**Contact**
Contact our Higher Education Admissions Team on 01254 354 047  |  he@accross.ac.uk
**BEng (Hons) Manufacturing Engineering (Top-Up) or BEng (Hons) Electrical and Electronic Engineering (Top-Up)**

**Qualifications:** BEng (Hons) | 1 year full-time, 2 years part-time
Delivered at Nelson and Colne College | UCAS Code: BNG1 / BNG2

**Awards**
Depending on the combination of modules taken, this programme can lead to the following awards:
- BEng (Hons) Manufacturing Engineering
- BEng (Hons) Electrical and Electronic Engineering

**Delivery options**
Part-time: One day or one evening a week over two years.
Full-time: One day and one evening a week over one year.

**Entry requirements**
Students will need an appropriate HND, Foundation Degree, or successful completion of two years of degree study in an appropriate subject.

**Who is the programme aimed at?**
This programme is aimed at those who want to improve their Foundation Degree or HND to Honours Degree Level and move into a role in Engineering with more responsibility and better prospects, along with a higher earning potential.

**What will I learn?**
Both awards normally include the following common modules:
- Project (inc. Project Management)
- The Professional Engineer
- Engineering Systems Design and Simulation
- Engineering Innovation. Creativity, Entrepreneurship and Problem Solving

In addition to the common modules, the BEng (Hons) Manufacturing Engineering will normally include one of the following:
- Advanced Materials Science
- Manufacturing Operations Management

In addition to the common modules, the BEng (Hons) Electrical and Electronic Engineering will normally include one of the following:
- Microprocessor Applications
- Electrical Power

**How is the programme assessed?**
The major project, which makes up a third of the total credits, is assessed 100% by coursework. Most of the remaining modules are assessed 50% by coursework and 50% by examination. The overall assessment split depends on the option modules selected but is approximately 75% coursework and 25% examination.

**What would successful completion of this programme lead to?**
Qualified engineers are much in demand for their rigorous approach to work roles and problem solving. Their skills open up a wide range of other career opportunities and these exist in a diverse area of fields which could include research, design and development, commissioning, project management, technical sales, technical journalism and patent work.
HNC/D in Business

Qualifications: HNC Business | 1 year full-time, 2 years part-time | UCAS Code: HNBU
HND Business | 2 years full-time, 3-4 years part-time | UCAS Code: HDBU

Awards
At HND level there are six possible specialist award titles: HND Business (Accounting and Finance), HND Business (Business Management), HND Business (Entrepreneurship and Small Business Management), HND Business (Human Resource Management), HND Business (Marketing) and HND Business (Operations Management). The title of the HND award made will depend on the modules completed.

Delivery options
Students are able to complete this programme through a part-time or full-time study basis. Students in employment are also able to undertake this programme as a Higher Apprenticeship.

Entry requirements
Students need one of the following to meet the entry requirements for this programme:
- 96 UCAS points (from September 2017)
- At least 160 UCAS tariff points (60 points from AS alone; at least 100 points should be obtained from A2s, AVCE, GNVQ Advanced or Scottish Highers)
- At least 12 A Level points if taken before 2002
- Advanced or Progression Diplomas (from 2010) where they demonstrate relevance to the HE programme
- BTEC National Diploma at Merit or Distinction
- Access to Higher Education Diploma - 60 credits, of which at least 45 must be achieved at Level 3 (from 2010, with Access to Higher Education Diploma (from 2010) where they demonstrate relevance to the HE programme
- BTEC National Diploma at Merit or Distinction
- Access to Higher Education Diploma - 60 credits, of which at least 45 must be achieved at Level 3 (from 2010, with Merit or Distinction) and with an appropriate combination of modules
- Open College Level 3 qualifications (obtained in or before 2008) at 60% or above - with consideration of marks above 50%
- NVQ Level 3 in relevant vocational areas
- GCSE Maths and English Grade C or equivalent Relevant work experience / professional qualifications.

Who is the programme aimed at?
Students who have completed a Level 3 course in Business or a related subject, who are looking to study a Higher Education programme locally to progress their career within this sector.

What will I learn?
Units in the programme may include:
HNC
- Business and the Business Environment
- Marketing Essentials
- Human Resource Management
HND
- Research Project
- Organisational Structure
- Management and Operations
- Management Accounting

How is the programme assessed?
A series of written and practical work is assessed by your tutors and will determine your overall grade.

What would successful completion of this programme lead to?
HNC: This course can offer opportunities for students to continue their study of Business at Degree Level as a one year top-up qualification. The practical nature of the course also means skills are developed to help you begin a career in the Business sector.
HND: Completion of the programme at HND provides students with a clear line of sight to employment or progression to a degree at Level 6.

Foundation Degree in Coaching and Mentoring*

Qualification: FdSc Coaching and Mentoring | 2 years full-time or 4 years part-time
Delivered at Accrington and Rossendale College | UCAS Code: FDCM

Delivery options
The programme will be available on a full-time basis over two years or a part-time basis over four years. Students will attend one afternoon and evening per week for the full-time route, and will undertake a placement of 60 hours per academic year alongside their studies, where they are not already in relevant employment.

Entry requirements
Students need one of the following to meet the entry requirements for this programme:
- 96 UCAS points (from September 2017)
- At least 160 UCAS tariff points (60 points from AS alone; at least 100 points should be obtained from A2s, AVCE, GNVQ Advanced or Scottish Highers)
- At least 12 A Level points if taken before 2002
- Advanced or Progression Diplomas (from 2010) where they demonstrate relevance to the HE programme
- BTEC National Diploma at Merit or Distinction
- Access to Higher Education Diploma - 60 credits, of which at least 45 must be achieved at Level 3 (from 2010, with Merit or Distinction) and with an appropriate combination of modules
- Open College Level 3 qualifications (obtained in or before 2008) at 60% or above - with consideration of marks above 50%
- NVQ Level 3 in relevant vocational areas
- GCSE Maths and English Grade C or equivalent Relevant work experience / professional qualifications.

What will I learn?
Modules in the programme may include:
- Level 4
  - Interpersonal Skills
  - Introduction to Coaching and Mentoring
  - Ethics, Diversity and Difference
  - Coaching and Mentoring Supervision
  - Introduction to Skills and Practice for Coaching and Mentoring
  - The Reflective Practitioner
- Level 5
  - Psychology for Coaching and Mentoring
  - Working with Groups
  - Management and Coaching and Mentoring
  - Organisational Context of Coaching and Mentoring
  - Further Skills and Practice for Coaching and Mentoring
  - Professional Project

How is the programme assessed?
A range of assessments are used within the programme, including portfolios, case studies, reflections and presentations. There are no formal examinations.

What would successful completion of this programme lead to?
An Honours Degree programme is currently being devised that will enable successful students from this programme to progress to a BSc (Hons) Degree in one full-time year, or the equivalent part-time. This programme will be available in time for the first graduates from this programme to progress. The top-up programme may be delivered at the University of Cumbria’s Lancaster campus, or at either of the College’s campuses.
Foundation Degree in Paralegal Services

Delivered at Accrington and Rossendale College
UCAS Code: PS19

Delivery options
The programme will be available on a full-time basis over two years or a part-time basis over four years. Students will attend one day/ evening per week for the full-time route and will undertake a placement of 120 hours per academic year alongside their studies, where they are not already in relevant employment.

Part-time: Either one day or one evening per week for four years.

Entry requirements
Students need one of the following to meet the entry requirements for this programme:
- 96 UCAS points (from September 2017)
  - At least 160 UCAS tariff points (60 points from AS alone; at least 100 points should be obtained from A2s, AVCE, GNVQ Advanced or Scottish Highers)
  - At least 12 A Level points if taken before 2002
  - Advanced or Progression Diplomas (from 2010) where they demonstrate relevance to the HE programme
- BTEC National Diploma at Merit or Distinction
- Access to Higher Education Diploma - 60 credits, of which at least 45 must be achieved at Level 3 (from 2010, with Merit or Distinction) and with an appropriate combination of modules
- Open College Level 3 qualifications (obtained in or before 2008) at 60% or above - with consideration of marks above 50%
- NVQ Level 3 in relevant vocational areas
- GNVQ Advanced or Scottish Highers)
- GCSE Maths and English Grade C or equivalent
- At least 12 A Level points if taken before 2002
- Advanced or Progression Diplomas (from 2010) where they demonstrate relevance to the HE programme

Qualifications: Professional Accounting Technician (AAT) Level 4

Qualifications: Professional Accounting Technician (AAT) Level 4

Delivered in the workplace

Delivery options
This course can be studied completely in the workplace. The total number of hours is determined via negotiation with each individual learner.

Entry requirements
Students need one of the following to meet the entry requirements for this programme:
- 96 UCAS points (from September 2017)
  - At least 160 UCAS tariff points (60 points from AS alone; at least 100 points should be obtained from A2s, AVCE, GNVQ Advanced or Scottish Highers)
  - At least 12 A Level points if taken before 2002
  - Advanced or Progression Diplomas (from 2010) where they demonstrate relevance to the HE programme
- BTEC National Diploma at Merit or Distinction
- Access to Higher Education Diploma - 60 credits, of which at least 45 must be achieved at Level 3 (from 2010, with Merit or Distinction) and with an appropriate combination of modules
- Open College Level 3 qualifications (obtained in or before 2008) at 60% or above - with consideration of marks above 50%
- NVQ Level 3 in relevant vocational areas
- GNVQ Advanced or Scottish Highers)
- At least 12 A Level points if taken before 2002
- Advanced or Progression Diplomas (from 2010) where they demonstrate relevance to the HE programme

What will I learn?
Modules in the programme will normally include:
- Level 4
  - Legal Sources and Skills
  - Legal Transactions and Remedies
  - Law of Torts
  - Criminal Law and Practice
  - Constitutional Law
  - Professional Practice in the Legal Sector
- Level 5
  - Property Law and Practice
  - Employment Law and Practice
  - Family Law and Practice
  - Wills and Succession
  - Work Based Learning
  - Research Project

How is the programme assessed?
A range of assessments are used within the programme, including portfolios, case studies, reflections and presentations. There is one examination in Level 5, which makes up 17% of the assessment of this level.

What would successful completion of this programme lead to?
AAT Level 4 Diploma in Accounting is the Advanced Level of the AAT Accounting qualification and covers higher accounting tasks, including financial statements for limited companies, evaluating financial performance and managing budgets. There are also two units which allow you to specialise in tax, credit control and cash management.

What will I learn?
Mandatory units include:
- Budgeting
- Financial Performance
- Financial Statements Internal Control and Accounting Systems

Optional units include:
- Business Tax
- Cash Management
- Credit Control
- Personal Tax

Who is the programme aimed at?
This course is aimed at individuals who wish to upskill and enhance their knowledge in order to progress in their careers.

Who is the programme aimed at?
This programme has been designed for those people already working in the legal and related sectors who wish to upskill and enhance their knowledge in order to progress in their careers.

It will also appeal to employees and people in non-legal roles looking to pursue a career in a paralegal role without necessarily wishing to qualify as a solicitor or barrister. It will provide such people with the underpinning legal knowledge and skills, combined with work based learning opportunities to develop the competence and professionalism to work in a variety of different legal contexts.

What will I learn?
Modules in the programme will normally include:
- Level 4
  - Legal Sources and Skills
  - Legal Transactions and Remedies
  - Law of Torts
  - Criminal Law and Practice
  - Constitutional Law
  - Professional Practice in the Legal Sector
- Level 5
  - Property Law and Practice
  - Employment Law and Practice
  - Family Law and Practice
  - Wills and Succession
  - Work Based Learning
  - Research Project

How is the programme assessed?
A range of assessments are used within the programme, including portfolios, case studies, reflections and presentations. There is one examination in Level 5, which makes up 17% of the assessment of this level.

What would successful completion of this programme lead to?
Having successfully completed and been awarded the FdA Paralegal Services, students can progress to a Top-Up Honours Degree in the subject area at the University of Cumbria.

Students may instead choose to seek employment at the end of their Foundation Degree and will take with them a portable, vocationally relevant, Higher Education qualification.

All Higher Education enrolments are subject to the College’s Higher Education Student Agreement.

Contact our Higher Education Admissions Team on 01254 354 047 he@accross.ac.uk

All Higher Education enrolments are subject to the College’s Higher Education Student Agreement.

Contact our Higher Education Admissions Team on 01254 354 047 he@accross.ac.uk
Diploma in Business and Administration

Qualifications: Diploma in Business and Administration Level 4
2 years full-time
Delivered in the workplace

What will I learn?
You will study four mandatory units:
• Communicate in a business environment
• Manage personal and professional development
• Manage the work of an administrative function
• Resolve administrative problems

In addition to the mandatory units listed above, students are required to select optional units appropriate to their individual work role.

How is the programme assessed?
You will be assessed in the workplace and on an individual basis inclusive of product evidence, reflective accounts, observations, professional discussions, written and verbal question and answer.

What would successful completion of this programme lead to?
Upon successful completion of this programme students could progress onto the Level 5 CMI Diploma in Leadership Management.

All Higher Education enrolments are subject to the College’s Higher Education Student Agreement.

Contact our Higher Education Admissions Team on 01254 354 047 he@accross.ac.uk

Diploma in Commercial Procurement and Supply

Qualifications: Diploma in Commercial Procurement and Supply Level 4
2 years full-time
Delivered in the workplace

How is the programme assessed?
This programme is delivered over two years and is run in partnership with The Chamber of Commerce.

Entry requirements
This is the entry point to our CIPS Diploma qualifications and requires a minimum of two A Levels (or international equivalent) or a CIPS Level 3 Advanced Certificate qualification. Alternatively you need a minimum of two years’ experience in a business environment.

The CIPS Level 4 Diploma provides natural progression following successful completion of the CIPS Level 3 Advanced Certificate, but it is not essential to join this programme.

You can enter the CIPS learning ladder at the CIPS Diploma Level 4 if you are a buyer looking to go into management or if you have at least 2 years professional experience in a purchasing, procurement or supply chain role.

Who is the programme aimed at?
This course provides a valuable management tool for those moving into junior and middle management procurement roles or those supervising the procurement function.

It focuses on organisational procedures and processes including negotiation, planning, risk management and data analysis.

What will I learn?
Units include:
• CIPS Unit D1 – Contexts of Procurement and Supply
• CIPS Unit D2 – Business Needs in Procurement and Supply
• CIPS Unit D3 – Sourcing in Procurement and Supply
• CIPS Unit D4 – Negotiating and Contracting in Procurement and Supply
• CIPS Unit D5 – Managing Contracts and Relationships in Procurement and Supply

All Higher Education enrolments are subject to the College’s Higher Education Student Agreement.

Contact our Higher Education Admissions Team on 01254 354 047 he@accross.ac.uk
Diploma in Leadership and Management

Qualifications: Diploma in Leadership and Management Level 5 | 1-2 years part-time
Delivered at Accrington and Rossendale College

Delivery options
This programme is delivered at Accrington and Rossendale College over one - two years on a part-time basis.

Entry requirements
Students need one of the following to meet the entry requirements for this programme:
96 UCAS points (from September 2017)
At least 160 UCAS tariff points (60 points from AS alone; at least 100 points should be obtained from A2s, AVCE, GNVQ Advanced or Scottish Highers)
At least 12 A Level points if taken before 2002
Advanced or Progression Diplomas (from 2010) where they demonstrate relevance to the HE programme
BTEC National Diploma at Merit or Distinction
Access to Higher Education Diploma - 60 credits, of which at least 45 must be achieved at Level 3 (from 2010, with Merit or Distinction) and with an appropriate combination of modules
Open College Level 3 qualifications (obtained in or before 2008) at 60% or above - with consideration of marks above 50%
NVQ Level 3 in relevant vocational areas
GCSE Maths and English Grade C or equivalent
Relevant work experience / professional qualifications.

Who is the programme aimed at?
The Level 5 Diploma in Leadership and Management aims to develop your skills and knowledge across a range of management topics.
The programme has three primary objectives:
• To assist you in gaining the knowledge required as a practising manager
• To develop your middle management skills
• To enable you to aspire to senior management
Leadership and Management can be studied as an Award and Certificate as well as the above
Learning methods range from formal taught sessions, group work, activities and case studies and also include student centered and research based learning
Assessment is completed via work-based assignments and a management project.

What will I learn?
Modules in the programme may include:
• Conducting a Management Project
• Leadership in an Organisational Context
• Managing Performance
• Managing Risk
• Principles of Delivering Coaching and Mentoring
• Principles of Management
• Workforce Planning

How is the programme assessed?
Assessment is completed by applying theories and methods to work-based assignments and an array of management projects.
On enrolment you will be allocated student membership to the Chartered Management Institute (CMI). Benefits include access to management resources through an online portal to support both your studies and career.

What would successful completion of this programme lead to?
Upon completion of this programme students could progress onto a Level 7 Introductory Executive Diploma/ Executive Diploma in Management.
Professional Graduate Certificate in Education (PGCE) and Certificate in Education (Cert Ed)

Qualifications: Certificate in Education | 1 year full-time*, 2 years part-time
PGCE | 1 year full-time pre-service*, 2 years part-time in-service
Delivered at Accrington and Rossendale College and Nelson and Colne College

Also available as a Higher Level Apprenticeship

Delivery options
The College part of this programme is delivered over one half day per week. For the September 2019 intake this is expected to be Tuesday mornings from 9am until 1pm. In addition to this time in College, students must have relevant teaching practice to support their learning (see below).

Entry requirements
If you are a PGCE applicant you should hold a UK first degree or equivalent and relevant work experience (where appropriate to the subject field). You must also hold qualifications at NVQ Level 3 or 4 in the subject area you teach, if this is different from that of your degree.
If you are applying for a Certificate in Education course, you should have a HNC, CGLI Advanced, NVQ or equivalent at Level 3 or 4, HNC/HND or Advanced Diploma or other professional qualification.
You are required to be in paid employment, as a teacher or trainer, for a minimum of 100 hours (at least 50 hours in any one year) at a recognised training or educational establishment. Voluntary teaching/training may be acceptable if the university conditions are met. You will be required to identify a work-based mentor who can guide you in your subject specialism.

Who is the programme aimed at?
Anyone wanting a route into a career in teaching or training. Students will have to spread their studies and placements over three or four years.

 What will I learn?
Modules in the programme may include:

YEAR 1
- Research Informed Teaching, Learning and Assessment
- Becoming a Subject Specialist Teacher

YEAR 2
- Being a Subject Specialist Teacher
- Policy and Professional Issues

How is the programme run?
Pre-Service*
Over two-and-a-half days per week, plus teaching hours each week.

In-Service
Over one day per week, plus teaching hours each week.

How is the programme assessed?
Assessment takes place at the end of each module and takes the form of reports, presentations, essays, case studies and logs/journals, as appropriate.

What would successful completion of this programme lead to?
Students can use their credits to go on to a top-up BA (Hons) in Education Studies at a number of local institutions and/or training in the lifelong learning sector (post-16).

Foundation Degree in Early Years

Qualification: FdA Early Years | 2 years full-time, 3-4 years part-time
Delivered at Nelson and Colne College | UCAS Code: FEY1

Delivery options
This programme will be available on a full-time basis over two years or a part-time basis over three or four years. Full-time students will attend one day and one evening per week in College. For the September 2019 intake this is expected to be Wednesday day and evening each week. In addition to the time in College, students will undertake a teaching and learning placement of 200 hours per academic year alongside their academic studies. Part-time study can be flexible. Students would attend an agreed selection of the classes attended by full-time students and be allowed to spread their studies and placements over three or four years.

Entry requirements
Applicants will need to have one of the following:
- A relevant Level 3 qualification plus a minimum of 30 days relevant work experience
- Two years relevant work experience and be able to demonstrate that they have sufficient ability and/or experience to be able to benefit from the programme

Applicants will also need the following:
- A GCSE Grade C/4 in English (or an equivalent Level 2 qualification). Functional skills Level 2 English is not an acceptable equivalent
- Paid or voluntary work in an education setting for the equivalent of at least 80 days spread approximately evenly throughout the programme
- It is strongly advised that those who do not have Maths at Grade C or equivalent gain this to support them on the programme. Those intending to progress to Primary QTS will need Maths and Science GCSE at Grade C or above. An enhanced Disclosure and Barring Service (DBS) check is required.
- Relevant work experience / professional qualifications
- Work in a relevant setting for 16 hours per week is also required either in a paid or voluntary capacity.

Who is the programme aimed at?
Applicants will need to complete 80 days of 16 hours per week of work experience. This programme could also lead to a qualified teacher status in Primary Education with further study.

Successful completion of this programme will lead to?
Successful completion could lead to employment at a Higher Level and/or management. This programme could also lead to a qualified teacher status in Primary Education and/or a management position at an Early Years setting.

What will I learn?
Modules will normally include:

Level 4
- Professional Studies, Work-based Contexts and Safeguarding
- Child Development and Learning Through Play
- Using Information and Communication Technology to Support Learning
- Inclusive Educational Environments
- Health and Wellbeing in Early Childhood
- Early Years Foundation Stage 1

Level 5
- Professional Studies and Work-based Contexts 2, with Leading and Supervising in Early Years Provision
- Understanding Behaviour in Teaching and Learning
- Working with Families and Other Professional Practitioners
- Introduction to Current Issues in Education
- Practice-based Research Project
- Early Years Foundation Stage 2

How is the programme assessed?
Assessments take place in the form of reports, presentations, essays, case studies and logs/journals as appropriate.

What would successful completion of this programme lead to?
Successful completion of this programme will lead to employment at a Higher Level and/or management. This programme could also lead to a qualified teacher status in Primary Education with further study.

For those students wanting to top-up this qualification, the programme has been designed to facilitate post-qualification progression to Level 6 of the University of Cumbria BA (Hons) Teaching and Learning qualification.
Foundation Degree in Early Years (Childhood Studies)

Qualification: FdA Early Years | 2 years full-time
Delivered at Accrington and Rossendale College | UCAS Code: X230

Delivery options
This programme will be available on a full-time basis over two years.

Entry requirements
Applicants will need to have one of the following:
- A relevant Level 3 qualification plus a minimum of 30 days relevant work experience
- Two years relevant work experience and be able to demonstrate that they have sufficient ability and/or experience to be able to benefit from the programme

Applicants will also need the following:
- GCSE Grade C/4 in English (or an equivalent Level 2 qualification),
- Paid or voluntary work in an education setting for the equivalent of at least 80 days spread approximately evenly throughout the programme

It is strongly advised that those who do not have Maths at Grade C/4 or equivalent gain this to support them on the programme. Those intending to progress to Primary QTS will need Maths and Science GCSE at Grade C/4 or above. An enhanced Disclosure and Barring Service (DBS) check is required.

Relevant work experience / professional qualifications
Work in a relevant setting for 16 hours per week is also required either in a paid or voluntary capacity.

Who is the programme aimed at?
This programme is aimed at those looking to build on the skills and knowledge of young children’s care that students are most likely to have developed on previous programmes of study. Students will develop a high level of practice in the planning, implementation and evaluation of activities to support children’s learning and development within the Early Years.

Students will explore and critically debate key policy initiatives which impact directly on practice, while refining their own job role and organisation within the wider early years care and education context.

What will I learn?
Modules will normally include:

YEAR 1:
- Study Skills and Personal Development Planning
- The Developing Child
- Learning in the Digital Age
- Facilitating Children’s Learning
- Inclusive Practice
- Social Policy for Early Years

YEAR 2:
- Developing Reflective Practice
- Safeguarding Children
- Managing Sessions with Children
- Research Perspectives
- Independent Study

How is the programme assessed?
Assessment methods include written examinations and a range of coursework assessments such as essays, reports, portfolios, presentations, seminar papers, and seminar presentations. The grades from formal assessments count towards students module mark.

What would successful completion of this programme lead to?
The articulated progression route is the BA (Hons) Early Childhood Studies (Top-Up) validated by the University of Bolton and delivered at Accrington and Rossendale College.

Foundation Degree in Teaching and Learning Support

Qualification: FdA Teaching and Learning Support | 2 years full-time
Delivered at Nelson and Colne College | UCAS Code: TL19

Delivery options
This programme will be available on a full-time basis over two years or a part-time basis over three or four years. Full-time students will attend the equivalent of one day per week in College. For the September 2019 intake this is expected to be Wednesday afternoon and evening each week. In addition to the time in College students will undertake a teaching and learning placement of 120 hours per academic year alongside their academic studies.

Part-time study can be flexible - students would come to an agreed selection of the classes attended by full-time students and be allowed to spread their studies and placements over three or four years.

Entry requirements
Applicants will need to have one of the following:
- A relevant Level 3 qualification plus a minimum of 30 days relevant work experience
- Two years relevant work experience and be able to demonstrate that they have sufficient ability and/or experience to be able to benefit from the programme

Applicants will also need the following:
- A GCSE Grade C/4 in English (or an equivalent Level 2 qualification). Functional skills Level 2 English is not an acceptable equivalent
- Paid or voluntary work in an education setting for the equivalent of at least 80 days spread approximately evenly throughout the programme

It is strongly advised that those who do not have Maths at Grade C/4 or equivalent gain this to support them on the programme. Those intending to progress to Primary QTS will need Maths and Science GCSE at Grade C/4 or above. Relevant work experience / professional qualifications

How is the programme assessed?
Assessment takes place at the end of each module and is in the form of reports, presentations, essays, case studies and logs/journals as appropriate.

What would successful completion of this programme lead to?
Successful completion could lead to employment at a Higher Level and/or management. This programme could also lead to a qualified teacher status in Primary Education with further study.

Who is the programme aimed at?
This programme is designed for those who wish to, or those already, working or volunteering in a teaching and learning supportive role in any educational setting, who want to progress their career within the sector.

Contact our Higher Education Admissions Team on 01254 354 047 get@accross.ac.uk
BA (Hons) in Early Childhood Studies (Top-Up)

Qualification: BA (Hons) in Childhood Studies (Top-Up)  1 year full-time
Delivered at Accrington and Rossendale College  UCAS Code: X321

What will I learn?
Modules will normally include:

YEAR 1
• Theories and Approaches to Learning in the Early Years
• Research Methods
• Leading and Management in the Early Years
• Developing Children’s Health and Wellbeing
• Dissertation

How is the programme assessed?
A range of assessments are used within the programme, including portfolios, case studies, reflections and presentations.

What would successful completion of this programme lead to?
This programme enhances what students can offer in working with Early Years children and provides a progression route towards Early Years Teacher Status. It also provides a progression route to possible entry into professional training in teaching, social work and care professions.

Delivery options
The programme will be available on a full-time basis over one year. Students will attend one day/evening per week for the full-time route.

Entry requirements
Students will need either a Foundation Degree in Early Years or HND Childhood Studies to study this programme.

Who is the programme aimed at?
This qualification builds upon the Foundation Degree in Early Years (Childhood Studies) and provides vocationally relevant knowledge and understanding, as well as academically relevant knowledge in order to achieve a balanced view of childhood.

Students will debate policy initiatives which impact on the health and wellbeing of children and families, as well as on their education. As a high level practitioner, students will critically appraise the theories of leadership and management and consider their own role within this context.

Students will demonstrate the ability to carry out analytical research based on the area of practice, and develop data analytical skills to reach a reasoned and evidence based conclusion.

All Higher Education enrolments are subject to the College’s Higher Education Student Agreement.

Contact our Higher Education Admissions Team on 01254 354 047  he@accross.ac.uk

BA (Hons) in Education and Professional Development

Qualification: BA (Hons) in Education and Professional Development  2 years part-time
Delivered at Accrington and Rossendale College

What will I learn?
The course is primarily delivered via an innovative ‘blended learning’ style which combines face-to-face Saturday day schools (approximately four in each year) and creative online activities with both individual and collaborative study. Your practice is the starting point to help strengthen your confidence in critical debate, enterprise in leading ideas, ability to influence policy and in developing your digital and academic scholarship. You’ll need access to appropriate technology and be prepared to try out new and changing technologies.

Entry requirements
Entry requirements for this course are normally one of the following:
• Cert Ed or Level 5 teaching / training / education qualification
• Foundation Degree in a relevant field

YEAR 1:
• Professional Practice (Advanced)
• Improving Teaching and Learning
• Critical Education

YEAR 2:
• Reflexive Study
• Major Study
• Research Methodologies

You will also:
• Get face to face support at the centre you have chosen to study with
• Online teaching and learning festival at the University of Huddersfield each year?
• Receive online support, particularly distance learners
• Undertake online and paper based assessment
• Have the opportunity for online learning and networking

How is the programme assessed?
A range of assessments are used within the programme, including portfolios, case studies, reflections and presentations.

What would successful completion of this programme lead to?
Upon completion of the programme, typically graduates undertake further postgraduate studies, for example, a Masters in Education and Professional.

All Higher Education enrolments are subject to the College’s Higher Education Student Agreement.

Contact our Higher Education Admissions Team on 01254 354 047  he@accross.ac.uk
Postgraduate Diploma in Education (Advanced PGCE)

Qualification: Postgraduate Diploma in Education (Advanced PGCE)  2 years part-time
Delivered at Accrington and Rossendale College and Nelson and Colne College

Delivery options
The programme involves three hours per week in College; attendance at mentor meetings/tutorials; teaching practice tutorials; attendance at a two-day specialist conference at the University of Huddersfield during students second year of study. Students on this programme will also be expected to attend additional fortnightly tutorials.

Entry requirements
Applicants will need to have a UK first degree or equivalent (ideally 2:1 or above) in a relevant area or must have at least a Level 3 in the subject area. Students will also have a grade 4/5 (C) GCSE in Maths and English or equivalent.

Students will also be required to complete a satisfactory Disclosure and Barring Service (DBS) check and initial assessment.

Who is the programme aimed at?
This programme is aimed at those wanting to teach in further, higher and adult education, also within the 14+ school sector (Qualified Teacher Learning and Skills).

What will I learn?
Modules in the programme will normally include:
YEAR 1:
• Research Informed Teaching Learning and Assessment
• Becoming a Subject Specialist Teacher
YEAR 2:
• Being a Subject Specialist Teacher
• Policy and Professional Issues

How is the programme assessed?
A range of assessments are used within the programme, including portfolios, case studies, reflections and presentations.

What would successful completion of this programme lead to?
This programme is a full teaching qualification for the education and training sector. It leads to a professional qualification for teaching in Further Education colleges and a wide range of other training and educational settings outside the school sector.

Health and Social Studies

38  Foundation Degree in Alcohol and Substance Misuse Work
39  Foundation Degree in Counselling Studies
40  Foundation Degree in Health and Social Care
41  Foundation Degree in Mental Health Work
42  Foundation Degree in Working with Children and Families

Foundation Degree in Working with Children, Young People and Families

Qualifications: FdA Working with Children, Young People and Families Certificate of Higher Education in Working with Children and Families

Delivered at Accrington and Rossendale College UCAS Code: WCF1

2 years full-time, 4 years part-time
1 year full-time, 2 years part-time

Awards
This programme leads to a Foundation Degree (FdA) in Working with Children and Families over two full-time years, or the part-time equivalent. It contains a CertHE in Working with Children and Families that can be awarded after completing one full year or two parts time.

Students can enrol for either award. Those enrolling for the FdA will have the option to exit with the CertHE should they successfully complete part of the programme and not wish to continue. Students enrolling for the CertHE will have the option to continue to the full FdA once they successfully complete the CertHE.

Delivery options
Full-time: One day plus one evening per week for one year for CertHE or two years for FdA.
Part-time: One day or one evening per week for two years for CertHE or four years for FdA.

This programme is available to employers as part of the Apprenticeship Standard.

Entry requirements
Students need one of the following to meet the entry requirements for this programme:

- At least 12 A Level points if taken before 2002

Humanities

46  Foundation Degree in Criminology and Criminal Justice

Learn more, earn more, progress more
Foundation Degree in Criminology and Criminal Justice

Qualification: FdA Criminology and Criminal Justice | 2 years full-time, 4 years part-time
Delivered at Accrington and Rossendale College | UCAS Code: CC19

Delivery options
The programme is available on a full-time basis over two years or a part-time basis over four years. Students will attend one day/evening per week for the full-time route and will undertake a placement of 120 hours per academic year alongside their academic studies, where they are not already in relevant employment.
Part-time: Either one day or one evening per week for four years.

Entry requirements
Students need one of the following to meet the entry requirements for this programme:
96 UCAS points (from September 2017)
At least 160 UCAS tariff points (60 points from AS alone; at least 100 points should be obtained from A2s, AVCE, GNVQ Advanced or Scottish Highers)
At least 12 A Level points if taken before 2002 Advanced or Progression Diplomas (from 2010) where they demonstrate relevance to the HE programme
BTEC National Diploma at Merit or Distinction
Access to Higher Education Diploma - 60 credits, of which at least 45 must be achieved at Level 3 (from 2010, with Merit or Distinction) and with an appropriate combination of modules
Open College Level 3 qualifications (obtained in or before 2008) at 60% or above - with consideration of marks above 50%
NVQ Level 3 in relevant vocational areas
GCSE Maths and English Grade C or equivalent
Relevant work experience / professional qualifications
Work in a relevant setting for 16 hours per week either in a paid or voluntary capacity.

Who is the programme aimed at?
This programme has been designed for those people already working in the criminal justice sector who wish to upskill and enhance their knowledge, as well as for those people who wish to gain an insight into the nature of crime and the workings of the criminal justice system in order to pursue a career in the varied roles within the criminal justice sector. These include roles as a Probation Officer, Prison Officer or Youth Justice Worker.

What will I learn?
Modules in the programme will normally include:

Level 4
- Introduction to the Criminal Justice Process
- Principles of Criminology
- Psychology and Crime
- Sentencing and Punishment
- Preparing to Work within the Criminal Justice Sector
- Representations of Crime

Level 5
- Victimology
- Alternative Responses to Crime
- Contemporary Issues in Criminal Justice
- Youth Justice
- Work Based Learning
- Research in the Criminal Justice Sector

How is the programme assessed?
A range of assessments are used within the programme, including portfolios, case studies, reflections and presentations. There is one examination in Level 5, which makes up 17% of the assessment of this level.

What would successful completion of this programme lead to?
Having successfully completed this programme students will have the opportunity to progress to a BA (Hons) top-up at the University of Cumbria.
With further study and ongoing professional development, students may wish to pursue careers in the police, prison service or probation service. Students may undertake employment in a variety of roles within the criminal justice sector such as within youth justice teams, victim support, family support services, rehabilitation services, central and local government agencies, charities working with offenders and victims of crime.
What is a Higher Level Apprenticeship?

Higher Level Apprenticeships provide students with the opportunity to gain a qualification at Level 4 and above while working within a job role. Higher Apprenticeships typically take two years to complete and involve, on occasion, part-time study at one of our University Centres.

How do they work?

Apprentices will complete assessments throughout their programme, which test both academic learning and occupational competence which should be developed through on the job training.

Apprentices will also be visited within the workplace to assess the range of skills to ensure the working practices meet minimum levels of competency against the national standard.

What are the benefits of a Higher Level Apprenticeship?

• Higher Apprenticeships allow you to earn while learning and progress into highly skilled occupations
• The potential to achieve graduate and postgraduate level qualifications
• New opportunities for career progression
• Higher Apprentices could earn £150,000 more on average over their lifetime compared to those with Level 3 qualifications

What Higher Level Apprenticeships are available?

• Higher Level Apprenticeship in Construction and Building Services Management
• Higher Level Apprenticeship in Accounting
• Higher Level Apprenticeship in Business and Professional Administration
• Higher Level Apprenticeship in Commercial Procurement and Supply
• Higher Level Apprenticeship in Leadership and Management
• Higher Level Apprenticeship in Operations/Departmental Manager
• Higher Level Apprenticeship in School Business Professional
• Higher Level Apprenticeship in Children, Young People and Families Manager
• Higher Level Apprenticeship in Children, Young People and Families Practitioner
• Higher Level Apprenticeship in Assistant Practitioner (Health)
• Higher Level Apprenticeship Network Engineer
• Higher Level Apprenticeship Software Developer
• Higher Level Apprenticeship in IT, Software Web and Telecoms Professionals

"By studying a Higher Level Apprenticeship at Accrington and Rossendale College, I have been able to gain the knowledge and experience I need to progress within my current role as a Quantity Surveyor."

Annabelle Robinson
Higher Level Apprenticeship in Construction and Building Services Management
Validation, Approval and Periodic Review

As new courses are developed, they go through rigorous approval processes to ensure that they meet the needs of students, employers and other stakeholders. Additionally, all courses undergo periodic reviews to ensure their continuing currency and quality. These processes are managed through planned schedules of approval and review. The detail of these processes varies slightly between awarding bodies and consequently the terminology used also varies, but their substance is very similar across the whole Higher Education sector.

New courses awaiting approval are shown as ‘subject to’ followed by the terminology used by the relevant awarding body. This is because some detail of the course may be subject to change and fuller details may not yet be available. As soon as the new award is validated or approved full details are provided through the detailed Programme Specification being made available through the course webpages. In the very unlikely event of a new course not being approved, applicants would be contacted, and the College would work with them to identify alternative options within the College, or elsewhere.

Courses going through periodic review could change slightly but overall aims will remain unchanged and there would only be minor updates to content and/or structure. As such, the existing Programme Specification provides a reasonable reflection of the course and an updated version will be made available through the course webpages after each periodic review event.

Occasionally courses go through a more substantial review process, often called revalidation or reapproval, meaning that the course (aims and content) may change significantly. In such cases, fuller detail of the revised course may not be available but as soon as the programme is revalidated / reapproved, the new Programme Specification will be made available through the course web pages.
