PROGRAMME

Description

This course is part of the ARC Ambitions Programme – a unique programme for Level 2 students, which will support you in developing key personal skills such as communication, confidence, resilience, employability and presentation skills.

The career opportunities within the digital industry are vast and constantly growing to meet the demands of latest technologies. If you want to work in this fast moving industry, our digital courses are a great way to start. On this course you will discover the breadth of Information Technology and its implications on individuals and businesses.

There will be lots of opportunities for trips, visits, guest speakers, mentoring and work experience. This is an exciting programme, designed to help you get ready for your next steps.

What you learn:**Units may include:**

- Programming
- Database
- Web development
- Project management

How you will be assessed:

You will be assessed via task based internal project/assignments, issued by the tutor.

Further Information: You will be invited to take part in a variety of trips and visits, some of which will include a nominal fee.
